

DEQ, EPA to update public on cleanup process for the Columbia Falls Aluminum Company plant

The Montana Department of Environmental Quality (DEQ) and the U.S. Environmental Protection Agency (EPA) will hold a public meeting to discuss the status of the Columbia Falls Aluminum Company (CFAC) plant cleanup process.

**December 11, 2014
6:00 to 8:00 p.m.
Little Theater at Columbia Falls High School
610 13th Street West, Columbia Falls, Montana**

Topics will include:

- A summary of recent discussions with CFAC/Glencore regarding the Administrative Order on Consent prepared by DEQ
- An update from EPA on additional sampling efforts
- Next steps in the cleanup process

DEQ and EPA will make reasonable accommodations for persons with a disability that may interfere with their ability to participate in the meeting. Accommodations can be arranged by contacting Jeni Garcin-Flatow at 406-841-5016 or jgarcin2@mt.gov.

For more information regarding the CFAC Site, please contact Rob Parker, EPA Site Assessment Manager, at 303-312-6664 or parker.robert@epa.gov, or Jenny Chambers, DEQ Remediation Division Administrator, at 406-841-5001 or jchambers@mt.gov.
